

# Kitchen Fume Extract Systems

Keemlaw has its own Kent based in-house fabrication workshop with over 40 years' experience. We specialise in the manufacturing and installation of stainless steel catering equipment furniture, hot-cupboards, kitchen fume extraction systems, servery counters, bars, carvery stations, and the refurbishment / renovation of existing "tired" counters, bars, and serveries.

We pride ourselves in manufacturing to a high standard, with robust construction and quality finishing, using only premium materials, at competitive prices, offering the best-perceived value for money to our clients. All workmanship and materials are fully guaranteed, with prompt on-site after-sales service (if required) by Keemlaw personnel.
